

# DOVASE

25x25cm / 9.8x9.8 in

## INSTRUCTIONS

1. Print this sheet of paper in A3 size or draw a square of 25x25cm / 9.8x9.8 in with a central axis.
2. Trace a profile in one of its sides. Go over the drawing with a marker when you get the final line.
3. Fold the paper by the central axis.
4. Cut out the shape.
5. Select a photo with the measures and load it to our server [www.dovase.com](http://www.dovase.com)
6. You'll have your handcraft vase in a few months.
